

University of Brighton

MODULE SPECIFICATION

MODULE DETAILS

Module title	Financial Accounting and Reporting									
Module code	FA583									
Credit value	20									
Level	Level 4		Level 5	X	Level 6		Level 7		Level 8	
Mark the box to the right of the appropriate level with an 'X'	Level 0 (for modules at foundation level)									
Entry criteria for registration on this module										
Pre-requisites	FA452 – Fundamentals of Accounting									
Specify in terms of module codes or equivalent	FA454 – Intermediate Accounting or equivalent									
Co-requisite modules										
Specify in terms of module codes or equivalent										
Module delivery										
Mode of delivery	Taught	X	Distance		Placement		Online			
	Other									
Pattern of delivery	Weekly		Block		Other					
When module is delivered	Semester 1		Semester 2	X	Throughout year					
	Other									
Brief description of module content and/ or aims	This module builds on the basic principles of financial reporting and introduces students to the basic principles of corporate taxation. It puts these in the context of financial reporting through the extension of the students existing knowledge in financial accounting to more advanced financial reporting for companies and groups.									
Overview (max 80 words)										
Module team/ author/ coordinator(s)	Dr. Ali Elharidy									
School	Brighton Business School									
Site/ campus where delivered	This module will normally be delivered at the Moulsecoomb campus									
Course(s) for which module is appropriate and status on that course										
Course							Status (mandatory/ compulsory/ optional)			
BSc (Hons) Accounting and Finance							Compulsory			

MODULE AIMS, ASSESSMENT AND SUPPORT

Aims

This module aims to:

	• Provide an understanding of the current financial reporting requirements for single companies. • Provide an understanding of the theoretical aspects of consolidation and the preparation cash flows and of group accounts. • Provide a basis for the critical analysis of current financial reports.
Learning outcomes	On successful completion of the module the student will be able to: LO1 Build on skills and conceptual knowledge from the first year into an understanding of the accounting standards in which UK businesses operate. LO2 Apply that understanding in both practical computational situations and in identifying conceptual problems. LO3 Prepare accounts for single companies and simple groups in a form suitable for publication. LO4 Demonstrate a working knowledge of the taxation of limited companies. LO5 Develop the capacity for independent and self-managed learning. LO6 Locate, extract and analyse data from multiple sources, including the acknowledgement and referencing of sources.
Content	A - Analysis of financial reporting practice A review of the effect and implications of the application of current accounting standards. Introduction to the current requirements for presentation and disclosure of financial information. B - Accounts preparation The preparation and presentation of accounts for single companies; criticisms and evaluation of accounting standards currently in use. The rationale and alternative models for the preparation of group accounts; criticisms and evaluation of the methods currently in use. C - Interpretation of financial information The limitations of financial analysis and the problems of comparison.

	D - Corporation tax How the income and profits of companies are taxed. The calculation of corporation tax liability and dates of payment and disclosure in financial statements.
Learning support	Indicative reading: The latest editions of: Melville, A. <i>International Financial Reporting: A practical guide</i>, FT Prentice Hall. Alexander, D., Britten, A. & Jorissen, A. <i>International Financial Reporting and Analysis</i>, Cengage Publishing Elliott, B.J. & Elliott, J., <i>Financial Accounting and Reporting</i>, FT Prentice Hall Cotter, D, <i>Advanced Financial Reporting: A Complete Guide to IFRS</i>, FT Prentice Hall Lewis, R., Pendrill, D. & West, S, <i>Advanced Financial Accounting</i>, FT Prentice Hall McKenzie, W, <i>"Financial Times" - Using and Interpreting Company Accounts</i>, FT Prentice Hall O'Regan, P, <i>Financial Information Analysis</i>, Wiley [Reference will also be made to International Financial Reporting Standards (and Exposure Drafts)] Journals: The British Accounting Review Contemporary Accounting Research Accounting Horizons Accounting Forum Journal of Accounting Research Review of Accounting Studies Websites https://www.iasplus.com
Teaching and learning activities	
Details of teaching and learning activities	The module will use a mix of lectures and seminars. Lectures will introduce the students to key accounting principles. Seminars will concentrate on using short case studies around application of principles, calculation of figures and disclosure of financial information in company annual reports. There will be one piece of formative assessment. This will be delivered later in the semester as a means of preparing students for

	the end of semester exam. Delivery will be via My Studies. Model answers will be provided to enable students to assess their own performance. Feedback will be provided verbally in seminars/lectures by means of taking students through the model answer.	
Allocation of study hours (indicative) Where 10 credits = 100 learning hours		Study hours
SCHEDULED	This is an indication of the number of hours students can expect to spend in scheduled teaching activities including lectures, seminars, tutorials, project supervision, demonstrations, practical classes and workshops, supervised time in workshops/ studios, fieldwork, and external visits.	44
GUIDED INDEPENDENT STUDY	All students are expected to undertake guided independent study which includes wider reading/ practice, follow-up work, the completion of assessment tasks, and revisions.	156
PLACEMENT	The placement is a specific type of learning away from the University. It includes work-based learning and study that occurs overseas.	
TOTAL STUDY HOURS		200

Assessment tasks		
Details of assessment on this module	Task 1: Coursework (30%): There will be one piece of individual coursework of 1,000 words, covering theoretical aspects of financial reporting. L.O. 1, 5, 6. Task 2: Examination (70%): A three-hour unseen, closed-book examination. L.O. 2, 3, 4.	
Types of assessment task ¹ Indicative list of summative assessment tasks which lead to the award of credit or which are required for progression.		% weighting (or indicate if component is pass/fail)
WRITTEN	Written exam	70
COURSEWORK	Written assignment/ essay, report, dissertation, portfolio, project output, <i>set exercise</i>	30
PRACTICAL	Oral assessment and presentation, practical skills assessment, <i>set exercise</i>	

EXAMINATION INFORMATION	
Area examination board	Accounting

Refer to University for guidance in completing the following sections

External examiners

¹ Set exercises, which assess the application of knowledge or analytical, problem-solving or evaluative skills, are included under the type of assessment most appropriate to the particular task.

Name	Position and institution	Date appointed	Date tenure ends
